CASE OF FORCE MAJEURE

Dear Customers and Partners,

Following the World Health Organisation's recent classification of the Covid-19 outbreak as a pandemic, the global impact of this virus has become all too evident for us all.

Major restrictions on travel and personal mobility are in place in many regions with some borders having been closed completely. This creates unprecedented challenges for the provision of labour and materials to our production facilities and has the potential to compromise the logistics element of our support to our customers.

As a result of these uncontrollable and continually changing difficulties, we expect to see significant disruption to our supply chain from now on.

JST remains committed to providing the very highest levels of service and support possible to our valued customers. Please be assured that we will continue, day-by-day, to evaluate the status and available options in order to mitigate negative impacts and to find ways to continue to meet your requirements as far as we are able.

If you have any questions or concerns relating to this notification, please contact your JST Account Manager.

We appreciate your understanding.

Len Hull

Sales & Marketing Manager

Mike Bowen

General Manager
